Hispanics are under attack in Bayonne. Mayor Mark Smith is targeting our Community. If we don't vote, he will continue to cut off the basic services that serve women, children and seniors in our community.

On May 22, 2014 Mayor Smith removed 3 Hispanic Community members from the Bayonne Board of Education, weakening our voices as Hispanics in Bayonne. Our children deserve a much more diverse and reflective means of representation on the Board of Education. **We need to stand up NOW, or risk losing generations of progress!**

"La comunidad Hispana ahora juega un gran papel en la economía nacional, social y vida política."

-United States Senator Bob Menendez
